- Annual lead on conducting program-level assessment of the major (2018-2022)
- Served as double program director over accounting course (70 students, 4 sections) and human resource management (71 students, 4 sections) over 3 week absence of faculty. Awarded Medal for Civilian Service for this in 2019

INDUSTRY
EXPERIENCE

Lin Advisory LLC (Independent work)

Aurora, OH

Independent Advisory

2015 to Present

I continue to consult independently, at the executive level, across a range of industries. Representative engagements:

- **Media** – Multi-year strategy advisor to a multi-brand media company's leadership team
 - Corporate and portfolio strategy; the brand-led to function-led operating-model shift
 - Built approach for business-unit strategy and corporate-unit performance dialogs
 - Designed accountability, resource-allocation, and management systems for the transformation
- **Engineering and construction** – Multi-phase quantitative diagnostic of project-performance drivers
 - Defined schedule, cost, and customer-satisfaction outcome measures
 - Used variance decomposition and regression to isolate the drivers of strong delivery
 - Translated the analysis into actions a non-technical leadership team could adopt
- **Healthcare** – Advised the executive team on metrics predicting franchisee performance
 - Tested owner and operator attributes as predictors, net of market attractiveness
 - Framed results to guide operator selection, coaching, and development
- **Retail** – Advised one of South America's largest retailers on front-line store-leader impact
 - Quantified store-manager impact on results and the behaviors of stronger performers
 - Framed findings as the business case for HR and leadership-development investment
- **Hospitality** – Advised the leadership of a globally recognized, founder-led restaurant and hospitality enterprise
 - Diagnosed strategy, structure, and organization; framed a portfolio approach to innovation across established and new concepts
 - Developed governance and leadership-structure options for long-term ownership and continuity

Keystone Strategy
Senior Engagement Manager

Cambridge, MA
May 2011 to May 2012

- Led business model development projects in pharmaceuticals and bioinformatics
- Designed and executed innovation accelerator pilot for the power generation business unit of a Fortune 100 firm
- Partnered with the incoming president to conduct an organization and leadership diagnostic for a health analytics spinout
- Directed proposal teams for innovation and pricing service lines

McKinsey & Company
Consultant and Engagement Manager

Cleveland, OH
1999–2002; 2004–2008

Partner with senior management of leading companies in a wide variety of industries to identify strategic opportunities and to capture operational improvements. Leader within the Global Product Development Practice. As a Senior Engagement Manager, I was responsible for leading daily project operations at the client site. Full-time project teams typically included 2-3 consulting associates and 8-20 team members from the client. Developed expertise in industrial marketing, operations strategy, manufacturing, and product development. Representative projects include:

Construction Equipment – Global Operations Strategy

- Led plant-floor lean assessments, identifying 30% throughput potential
- Redesigned engine block machining line to improve bottleneck uptime by 40%
- Designed and implemented plant-level transformation programs in two facilities
- Facilitated supplier workshops to identify savings opportunities from integrated initiatives across purchasing, supply chain, and product development

Mining Equipment – Lean Enterprise

- Led lean manufacturing diagnostic, identifying 40% throughput improvement
- Reduced backlog of product delivery by 20% on bottleneck processes
- Ensured sustained performance gains by coaching shop floor leaders and facility managers in daily visual management boards and shift handoff communication

Medical Equipment – Lean Transformation and Performance Management

- Led plant-floor lean manufacturing assessments across 4 manufacturing sites
- Implemented line-side visual performance management in flagship plant
- Conducted multi-site training and implementation of lean programs, comprised of 20+ change agents across European and North American sites
- Implemented a manufacturing performance management system, linking line-side performance metrics across 4 facilities to plant and corporate performance reviews

Industrial Raw Materials - Marketing and Product Market Strategy

- Executed pricing diagnostic in both European and North American markets
- Advised senior management on product mix strategy
- Conducted capability-building workshops for client on tactical pricing

Industrial Engineered Products – Corporate Strategy

- Led performance diagnostics across multiple business units across global markets
- Conducted market assessments among 6 new applications for industrial robots
- Designed valuation models to assess projected outcomes among growth strategies

PROFESSIONAL
ACTIVITIES

- *Professional Memberships*
 - American Economic Association, Member, 2017–present
 - Academy of Management, Member, 2014–present
 - Harvard Institute for Quantitative Social Sciences (IQSS) 2011–present
- *Ad Hoc Reviewer*
 - *California Management Review*
 - *Strategic Management Society*
- *Professional Accreditations*
 - Licensed Certified Public Accountant (State of Ohio)

AWARDS

Civilian Service Achievement Medal, awarded July, 2020 for contributions in helping the Office of Economic Manpower Analysis (OEMA) design the next-generation branching strategy for graduating cadets

Civilian Commendation Medal, awarded May, 2020 for excellence in teaching

Civilian Service Achievement Medal, awarded December, 2019 for exceptionally meritorious performance as an assistant professor (awarded as part of the instructor team that has raised field test exam performance to the 96th percentile)

Civilian Service Achievement Medal, awarded May, 2019 for exceptionally meritorious performance as an assistant professor (assuming unanticipated additional duties in temporarily taking over the accounting course directorship)

Recipient of Society for Human Resource Management Foundation Dissertation Grant for 2014, funded by the SHRM Foundation, in partnership with the HR Division of the Academy of Management - \$5,000 award

Two-time award recipient of Institute for Quantitative Social Sciences Research Grant, 2013, 2014 - \$4,500 total award over two years
